RECRUITING PRODUCTS:

Sourcing: This is our most cost-effective product. We source and submit candidates, and our clients control interviewing, negotiating, and onboarding.

Full-Cycle Recruiting: This is our traditional recruiting product and is designed for higher priority and confidential situations. Our dedicated team of professionals will recruit the best talent, with an emphasis on passive candidates. We continue to assist our clients with interviewing, negotiating, and onboarding.

At MBS Recruiters, our clients are our partners. We build and maintain strong relationships with hiring managers in every organization we represent. This allows us to better understand search parameters and execute with speed and precision.

OUR FOCUSED RECRUITING PROCESS:

- Launch:** We learn about the specifics of our client’s needs and company culture.
- Research:** We identify potential candidates.
- Advertising:** We leverage social media, and other online tools to aggressively market each job opening.
- Communication:** We interview every candidate before presenting resumes to our clients.
- Candidate Submission:** We present the best matches with detailed summaries.
